Topax Facility in Concord Ready for Air Cargo Security Program

Topax is pleased to announce that our export packaging facility is set up for the Canadian Air Cargo Security Program. Under the Air Cargo Security Program Topax fulfills the role of Third Party Service Provider to Participants, particularly freight forwarders.

Our facility has the necessary security equipment and trained, Authorized Cargo Representatives. Our protocols and procedures will meet your requirements for air cargo security.

April 1st, 2011 is the implementation date set by Transport Canada and Topax is ready to go.

Please contact our Cargo Security Coordinator, Valerie Handley to assess our Air Cargo Security Program procedures. Valerie can be reached at valerie.handley@topax.com
